

Salmac - A Fresh Look At Salmon Supply

For 25 years, Salmac has been successfully managing the supply of best quality salmon for customers worldwide. Our links with a strong supply base allow for optimum price negotiation and directly results in cost savings for our customers.

Our customers receive competitively priced, quality salmon whilst our farmers know to expect a professional and integrated range of dedicated services covering key account management, harvest planning, stock management, transport and logistics, invoicing and credit control.

Exclusively representing three of the few remaining independent salmon farms in Shetland, Salmac is the only supplier of both "Shetland Select"™ salmon, with the RSPCA's Freedom Food accreditation and organic salmon accredited by the UK Soil Association. Our farms also carry the Shetland Seafood Quality Control mark ensuring full traceability to the source.

In addition, Salmac Salmon Division is committed to sourcing a wide range of the best quality, competitively priced farmed salmon available.

We are, therefore, proud to offer the following farmed salmon products:

Product	Availability
Farmed Scottish Salmon	all sizes & grades
Farmed Norwegian Salmon	all sizes & grades
"Shetland Select"™ Freedom Food Salmon	all sizes & grades
Soil Association Approved Organic Salmon	all sizes & grades
Fresh Salmon Fillets	all sizes & trims

Allow Salmac to manage your salmon supply and see the difference.
